

Traditional Accounting & Financial Management System
Software Documentation & User Manual
Version: 1.0
Document Type: Functional Documentation
Accounting Method: Double Entry Accounting System

Chapter 1

Introduction

1.1 Overview

Traditional Accounting & Financial Management System একটি Professional Double Entry Accounting Software যা ব্যবসা প্রতিষ্ঠানের সকল ধরনের Financial Transaction সঠিকভাবে Record, Verify এবং Manage করার জন্য তৈরি করা হয়েছে।

এই সফটওয়্যারটি International Accounting Principles অনুসরণ করে এবং প্রতিটি Voucher Entry-এর ক্ষেত্রে Debit, Credit, Ledger Posting এবং Financial Validation নিশ্চিত করে।

1.2 System Objectives

Objective	Description
Financial Recording	সকল Financial Transaction সংরক্ষণ করা
Double Entry	প্রতিটি Transaction-এর Debit ও Credit Maintain করা
Error Prevention	ভুল Entry প্রতিরোধ করা
Financial Reporting	ভবিষ্যতে Report Generate করা
Audit Support	Audit Ready Accounting তৈরি করা
Automation	Voucher Number ও Validation স্বয়ংক্রিয় করা

1.3 System Scope

Module	Availability
Invoice Management	✓ Available
Expense Management	✓ Available
Voucher Management	✓ Available
Chart of Accounts	✓ Available
Journal Entries	✓ Available
Double Entry Validation	✓ Available
Print Voucher	✓ Available
Ledger Posting	Future
Trial Balance	Future
Balance Sheet	Future
Profit & Loss	Future

Chapter 2

Accounting Principles

2.1 Double Entry Accounting

প্রতিটি Financial Transaction-এ অন্তত দুটি Account ব্যবহৃত হয়।

একটি Debit হবে।

একটি Credit হবে।

System সর্বদা নিচের Condition অনুসরণ করবে।

Rule	Description
Debit = Credit	Total Debit এবং Total Credit সমান হতে হবে
Two Accounts	অন্তত দুটি Account থাকতে হবে
Valid Account	প্রতিটি Account Chart of Accounts থেকে নির্বাচন হবে
Amount	Amount অবশ্যই Zero-এর বেশি হবে

2.2 Account Classification

Account Type	Nature	Increase	Decrease	Example
Assets	Business Property	Debit	Credit	Cash, Bank
Liabilities	Business Obligation	Credit	Debit	Accounts Payable
Equity	Owner Investment	Credit	Debit	Capital
Income	Business Revenue	Credit	Debit	Sales
Expenses	Business Cost	Debit	Credit	Rent

2.3 Accounting Golden Rules

Account Type	Debit	Credit
Assets	Increase	Decrease
Expenses	Increase	Decrease
Liabilities	Decrease	Increase
Equity	Decrease	Increase
Income	Decrease	Increase

Chapter 3

Chart of Accounts

3.1 Purpose

Chart of Accounts (COA) হচ্ছে Accounting System-এর মূল ভিত্তি।

প্রতিটি Voucher Entry-এর সময় ব্যবহারকারী শুধুমাত্র COA থেকে Account নির্বাচন করতে পারবেন।

3.2 Account Structure

Code	Account Name	Type
1000	Cash in Hand	Assets
1010	Bank Account	Assets
1020	Accounts Receivable	Assets
1030	Inventory	Assets
2000	Accounts Payable	Liabilities
3000	Owner Capital	Equity
4000	Sales Revenue	Income
5000	Office Rent Expense	Expenses

Chapter 4

Voucher Modules

Available Voucher Types

Voucher	Short Name	Purpose
Invoice	INV	Customer Billing
Expense Voucher	EV	Expense Recording
Cash Payment Voucher	CPV	Cash Payment
Cash Receipt Voucher	CRV	Cash Receipt
Bank Payment Voucher	BPV	Bank Payment
Bank Receipt Voucher	BRV	Bank Receipt
Journal Voucher	JV	Adjustment Entries
Contra Voucher	CV	Cash ↔ Bank Transfer
Purchase Voucher	PV	Purchase Recording
Sales Voucher	SV	Sales Recording
Petty Cash Voucher	PCV	Small Expenses
Goods Receiving Note	GRN	Inventory Receiving

Chapter 5

Voucher Business Logic

এটি Software-এর সবচেয়ে গুরুত্বপূর্ণ অংশ।

প্রতিটি Voucher-এর জন্য আলাদা Business Rule ব্যবহার করা হয়েছে যাতে ভুল Accounting Entry করা না যায়।

Voucher Summary

Voucher	Debit Account	Credit Account	Used For
Expense	Expense	Cash/Bank/Payable	Business Expense
Cash Payment	Expense/Asset	Cash	Cash Payment
Cash Receipt	Cash	Income/Receivable	Cash Collection
Bank Payment	Expense	Bank	Bank Payment
Bank Receipt	Bank	Income	Bank Collection
Journal	Any	Any	Adjustment
Contra	Cash	Bank	Cash Transfer
Purchase	Inventory	Payable	Purchase
Sales	Receivable	Revenue	Sales

Chapter 6

Voucher Conditions

Voucher	Fixed Account	Locked Side	Party Required	Narration	Allowed Accounts
Expense	No	Debit	Optional	Required	Expenses
Cash Payment	Cash	Credit	Paid To	Required	Expense, Asset
Cash Receipt	Cash	Debit	Received From	Required	Income
Bank Payment	Bank	Credit	Paid To	Required	Expense
Bank Receipt	Bank	Debit	Received From	Required	Income
Journal	None	None	Optional	Required	All Accounts
Contra	Cash/Bank	None	No	Required	Cash & Bank
Purchase	Inventory	Debit	Supplier	Required	Inventory
Sales	Receivable	Debit	Customer	Required	Income
Petty Cash	Petty Cash	Credit	Paid To	Required	Expenses

Chapter 7

Party Information

Field	Meaning	Used In
Paid To	Person receiving payment	CPV, BPV, PCV
Received From	Person paying money	CRV, BRV
Supplier	Goods Supplier	Purchase
Customer	Goods Buyer	Sales
Reference	Journal Reference	Journal

Chapter 8

Narration (Being)

Purpose

Narration প্রতিটি Transaction-এর কারণ ব্যাখ্যা করে।

Accounting Standard অনুযায়ী প্রতিটি Voucher-এ Narration থাকা উচিত।

Examples

Voucher	Narration
Expense	Being office rent paid by cash.
Cash Payment	Being payment made to ABC Supplier.
Cash Receipt	Being cash received from XYZ Customer.
Bank Payment	Being electricity bill paid through bank.
Bank Receipt	Being payment received via bank transfer.

Sales	Being goods sold to XYZ Ltd.
Journal	Being depreciation charged for July 2026.
Contra	Being cash deposited into bank.

Chapter 9

Validation Rules

Validation	Purpose
Debit = Credit	Maintain Double Entry
Voucher Number	Auto Generate
Voucher Date	Mandatory
Party Name	Mandatory (Applicable Voucher)
Narration	Mandatory
Account Selection	Mandatory
Amount > 0	Mandatory
Locked Account	Cannot Modify
Invalid Account Type	Not Allowed
Empty Voucher	Not Allowed

Chapter 10

Software Features

Feature	Description
Double Entry Accounting	Automatic Validation
Chart of Accounts	Standard COA
Voucher Number	Auto Generated
Amount in Words	Automatic
Professional Printing	Available
Invoice Management	Available
Voucher Preview	Available
Multiple Voucher Types	Supported
Narration	Supported
Party Management	Supported

Chapter 11

Advantages

Advantage	Benefit
Automatic Validation	Prevents Accounting Errors
Double Entry System	Accurate Financial Records
Professional Voucher	Standard Accounting Format
Auto Voucher Number	No Duplicate Numbers
Chart of Accounts	Organized Ledger Structure
Narration	Better Audit Trail
Professional Print	Easy Documentation
Expandable Architecture	Easy Future Development

Chapter 12

Current Limitations

Limitation	Future Enhancement
General Ledger	Ledger Module
Trial Balance	Trial Balance Module
Balance Sheet	Financial Statements
Profit & Loss	P&L Module
Cash Flow	Cash Flow Statement
Inventory Costing	Inventory Module
VAT/TAX	Tax Management
Payroll	HR & Payroll Integration
Multi Company	Company Management
Multi Currency	Currency Module

Chapter 13

Future Roadmap

Phase	Planned Features
Phase 1	General Ledger
Phase 2	Trial Balance
Phase 3	Profit & Loss Statement
Phase 4	Balance Sheet
Phase 5	Cash Flow Statement
Phase 6	Inventory Management
Phase 7	VAT & Tax
Phase 8	Payroll
Phase 9	Multi Branch
Phase 10	Dashboard & Analytics
